Field Services for Starline Series-S Track Busway

When selecting a high-performance busway system in your facility, the Starline Series-S Track Busway is an excellent choice. Not only does it offer exceptional performance, functionality, and flexibility, but it also boasts an impressive IP54 ingress-protection rating. To guarantee the ongoing success of your project, it's essential to have a professional technician inspect and validate the installation of the system. That's where Starline's Certified Technicians come in. They have the expertise and experience to ensure your busway is installed correctly and functions optimally. Starline's commissioning team can also fully commission your new busway systems, train personnel and contractors, and provide ongoing maintenance throughout its years of service. With Starline, you can rest assured that your busway system is in good hands.
